**Certificated Enforcement
and Recovery Agents with
Nationwide Coverage**

About Us

Enforcement Bailiffs Ltd t/a Quality Bailiffs provide a bespoke national service to our clients, assisting with Enforcement & Debt Recovery, for Solicitors, Property Companies, Landlords, Industry, commerce and the general public. Operations are directed from our Four offices - London in the South, Peterborough in the Midlands, Darlington in the North East and Carlisle in the North West.

Our team specialise in both commercial property enforcement as well as the recovery of land and property from trespassers and squatters. We also have an equine division devoted to removal of fly grazing horses and other animals.

Our management team have extensive knowledge and experience in the enforcement sector. The company is the preferred enforcement training supplier to numerous Local Authorities.

Our Ethos

We firmly believe that having a single approach to each case is not productive, as each case is individual and different, therefore needs to be dealt with, or enforced, with that in mind. We therefore tailor-make each enforcement strategy to suit your needs.

This gives us a much greater success than most of our competitors and is the reason why our clients keep coming back. We do not have a call centre mentality and aim to give that personal service to clients via our highly qualified and experienced management team.

Why use us

- Over 30 Years Experience
- Qualified Personnel
- Computerised reporting systems
- Founder member of The Certificated Enforcement Agents Association
